Joseph R. Lowery

3073 Winchester Pike Columbus, Ohio 43232

joseph.loweryit@gmail.com | (740) 649-3644

Career Highlights

Web Development student currently learning in a full-stack MERN Bootcamp through Georgia Institute of Technology. One-year Field Technician experience performing installations, troubleshooting, set-up, maintenance and repair of SOHO networks. CompTIA A+ obtained for the troubleshooting of PC, mobile, and POS devices. Current studies have greatly expanded knowledge farther behind the scenes with server-side and front-end web development technologies, as well as SQL and noSQL databases.
